

Starting Monday 10/16/2017 at approximately 6am, the Emergency Department at Gouverneur Hospital will temporarily be located in the former ICU. This is expected to last for approximately 6 weeks.

We will be utilizing the hospital's main entrance (west side of the building). There will be a canopy deployed with signage indicating the ambulance entrance. I would ask that EMS backs up on the sidewalk to the canopy.

All phone numbers will remain the same.

If at any time during this temporary change there are any issues, please don't hesitate to contact me.

Thanks,

Jay
